The Agenda for the meeting is as follows:

**FINAL AMENDED AGENDA**

- I. A. **CALL TO ORDER by Chair Toni Rodriguez Ed.D.**
- B. **DISCUSSION/ACTION ON EXECUTIVE DIRECTOR'S REPORT**
  - 1. **Persantine Stress Tests.**

The Board has received two requests, from RCPs who work at the same facility, for a review of this **Scope of Practice** Question.

An Intravenous Persantine stress test is generally done on patients with coronary artery disease who cannot undergo a stress test on a treadmill. In most cases, the patient has a history of heart rhythms irregularities. The patient has a radioactive tracer placed in the I.V., and then a scan is conducted. The goal is a diagnostic one: Usually, it is done to identify decreased blood flow or scarring.

2. **Update** on the on-going efforts to use the Board's resources to efficiently interact with licensees and the public. The website has new, interactive "Contact Us" and "Change of Contact Information" forms, allowing people to easily, quickly and securely communicate with the Board office. All of the Board's forms are being updated to reflect the new email and website address. Licensees and employers are taking advantage of the on-line services available more and more. In the month of June, 85% of license renewal applications were submitted on-line.
